SHE HELPS MAKE IT — OUR PLACE

A new face at Central soon became a very familiar one this year. Her friendly smile and sympathetic ear won her immediate recognition by the students. She has been able to relate to young people and their problems in a way that has endeared her to all. Her willingness to take on the menial tasks as well as the hard ones has made her an invaluable asset to the school. To her we want to say thanks for making herself a part of school so quickly and for helping to make "our place" her place also. To say thank you we dedicate the 1971-72 Spartan to Mrs. Joyce Swicegood.

Make Your Own Kind of Music

The excellence of a school chorus or glee club is very often doubted, but there is no doubt about the quality of ours. Led by a very talented Miss Ronda Robbins, the Chorus of Central High School is one of which to be proud.

Thoughts set to music are beautiful, but just as lovely are thoughts expressed in pictures, and versatility is a key asset to Central High School. This year, we were very honored to have the talented Mrs. Nell Sharpe as our art instructor. Although three periods of English I take up most of her school day, fifth and sixth periods were enriched and enlightened by a group of also talented art students.

The Spartacus and the Spartascript are both compiled and published at Central High. Fourth period journalism is the daily scene of clattering typewriters, mounds of blocking paper, and the elusive quest for the "right"word. During the lunch hour, inquiring reporters scan the halls for newsworthy items and controversial ideas. Meanwhile, editor Beverly Sheets, with the help of advisor Miss Bohr, pushes her staff to get their articles in on time. Opinion polls conducted by the newspaper staff stirred many profound thoughts. A new feature of the Spartacus was the "Crazy Caption", which added a glint of humor to our dull lives. Those readers with an undecided future found help in the career column; and any senior bound for college could gain from the articles on a number of colleges.

The newspaper staff's aim was to improve each addition of the paper. They learned more about the art of newspaper work by attending a journalism workshop at UNC-G. Publishing the Spartacus was not only a job to be done but also a learning experience.
